REMARKS

Upon entry of the amendments in this response, claims 1-12 are pending of which the claims 1, 5, 7 and 11 have been amended, as well as the claims 3-4 and 9-10 have been cancelled without prejudice or disclaimer in order to more explicitly describe the claimed invention. It is believed that no new matter adds by way of amendments made to the claims. For at least the foregoing reason, applicants respectfully submit that claims 1-12 patentably define over prior art of record and reconsideration of this application is respectfully requested.

4. Claims 4, 10 are objected as being dependent upon a rejected base claim, but would be allowable if written in independent form including all of limitations of the base claim and any intervening claim.

Accordingly, the claims 1-12 are so amended that the claims 4, 10 are written in independent form including all of limitations of the their base claims 1 and 7, as well as the intervening claims 3 and 9. As a result, the amended claims 1-12 are believed to be placed in an allowable condition.
